“United We Trail, Divided We Fail”

Meeting place- We will be meeting as we have in the past at the Town Hall. There was an incident last month where we could not get into the Town Hall and there was doubt whether we would get in again this month. Gordo has assured us that a new “key” was made and we will be able to meet there for sure this time.

Tax Exempt Status - It looks as though we won’t be getting the tax exempt status we all were wondering about. I (Bev) spoke with an accountant and apparently what we were thinking the tax exempt status was going to do for us, is not what the tax exempt status is what it is all about. Not to mention, the money it would cost us to go tax exempt, is not worth the investment. The EIN we already have is all we need for our purposes.

Lake State Resources Raffle Tickets - Motion was made that we purchase the tickets.

Trail Chairman’s Report

- Mike has received calls from land owners that snowmobilers are cutting corners on their land. He put up some signs to try and avert this from happening. Please let fellow snowmobilers know that permission to ride and keep these trails open are a privilege, not a right. We all need to respect these landowners’ wishes.
- Mike also talked Dean from the town about getting access to the Café and gas station on the corners of 76 & 15. People have made their wishes known that they would like to be able to get there by snowmobile and also purchase the premium gas offered there.

Hot Dog and Chocolate Sale/Benefit - The idea has been tabled for now as it probably won’t happen unless we get more snow and more time for planning the event.
